

1. Install WeChat app.
2. Once installed, press the “YO” button.

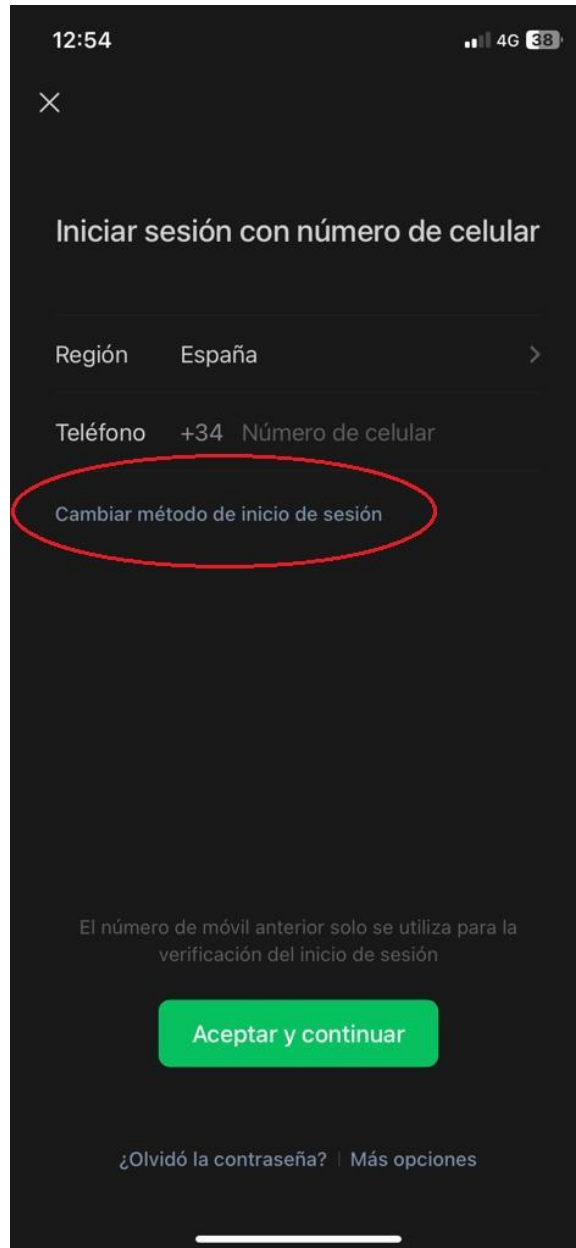

3. In WeChat, go to the settings and click on the Change Account button.

4. Add an account

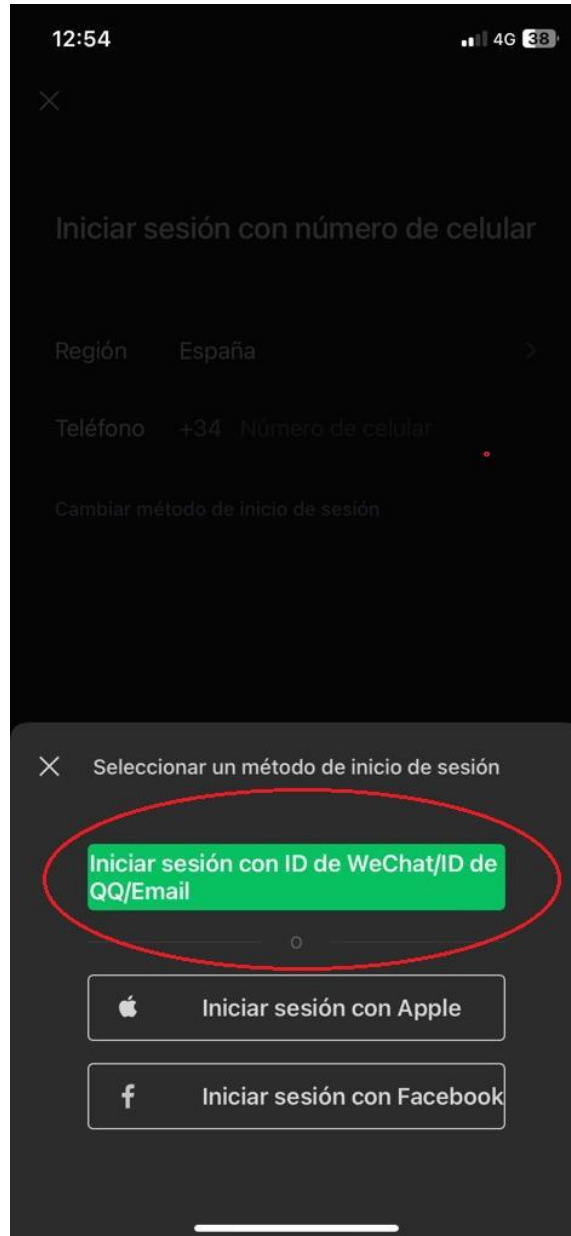

5. Change the login method.

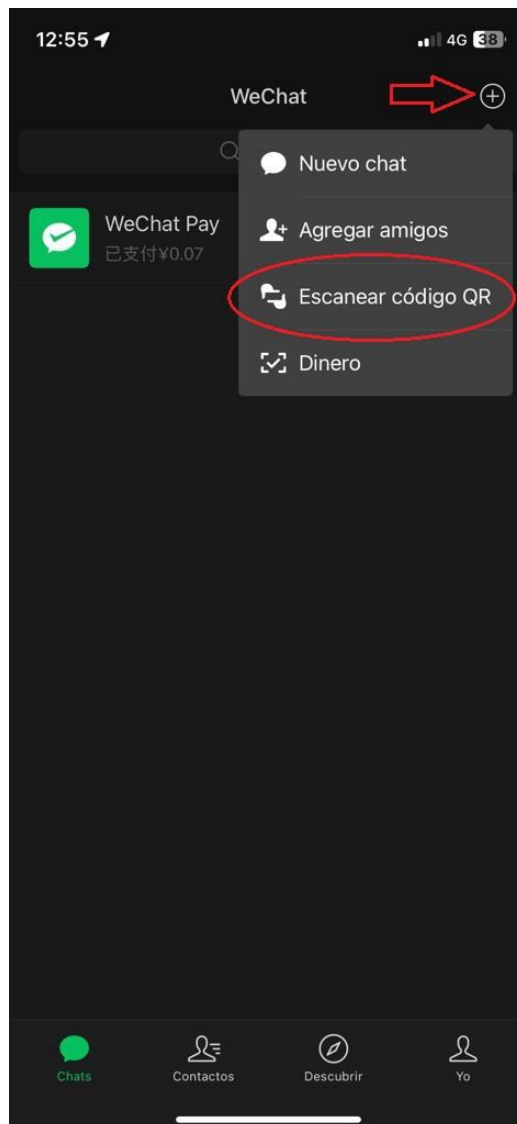

The screenshot shows a mobile app interface for logging in. At the top, the status bar displays the time 12:54, 4G signal, and 38% battery. Below the status bar is a close button (X). The main heading is "Iniciar sesión con número de celular". There are two input fields: "Región" with "España" selected and a dropdown arrow, and "Teléfono" with "+34" and "Número de celular" as placeholders. Below these fields is a button labeled "Cambiar método de inicio de sesión", which is circled in red. At the bottom, there is a green button labeled "Aceptar y continuar". Below the button, there is a link: "¿Olvidó la contraseña? | Más opciones".

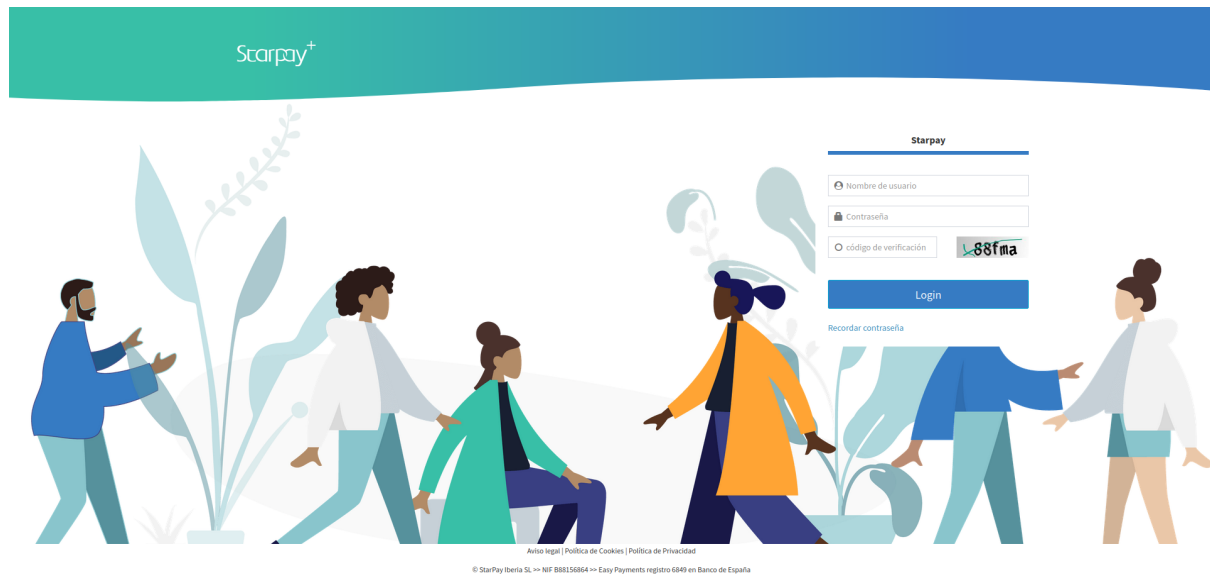

6. Login with WeChat ID.

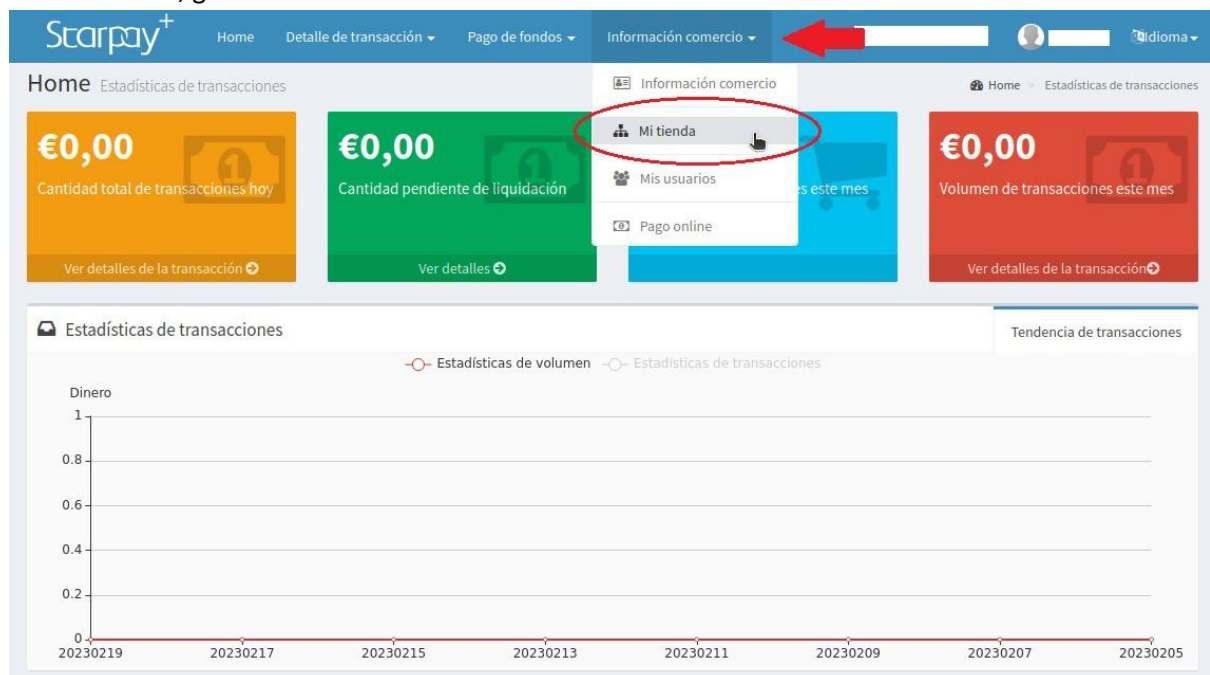

7. Enter the data provided and scan the QR code.

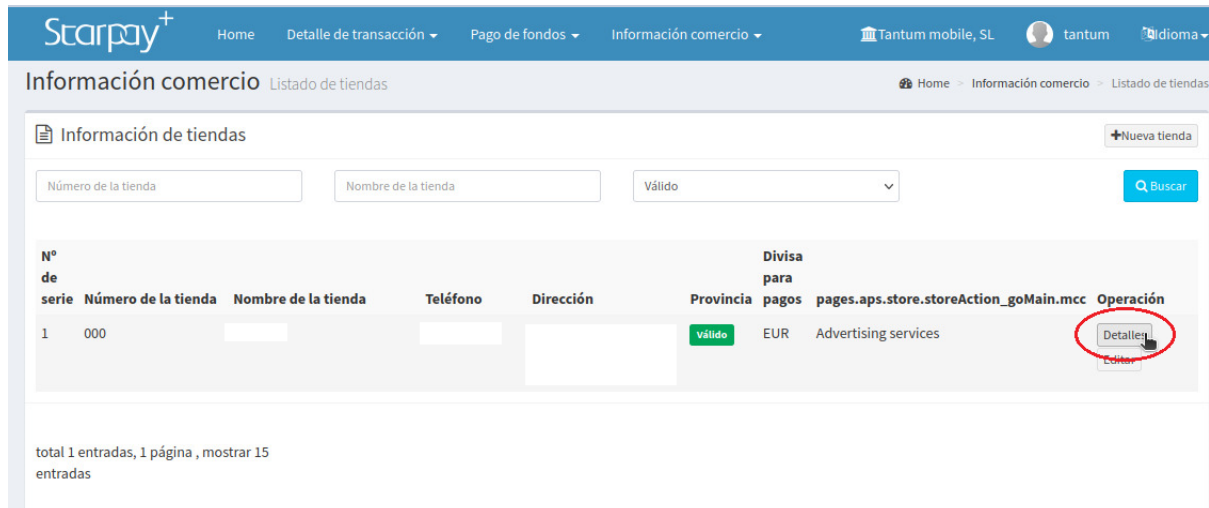

8. To access the QR code in our shop, go to the customer portal (<https://portal.starpay.es>), and enter your username and password.

9. Once inside, go to Mi tienda.

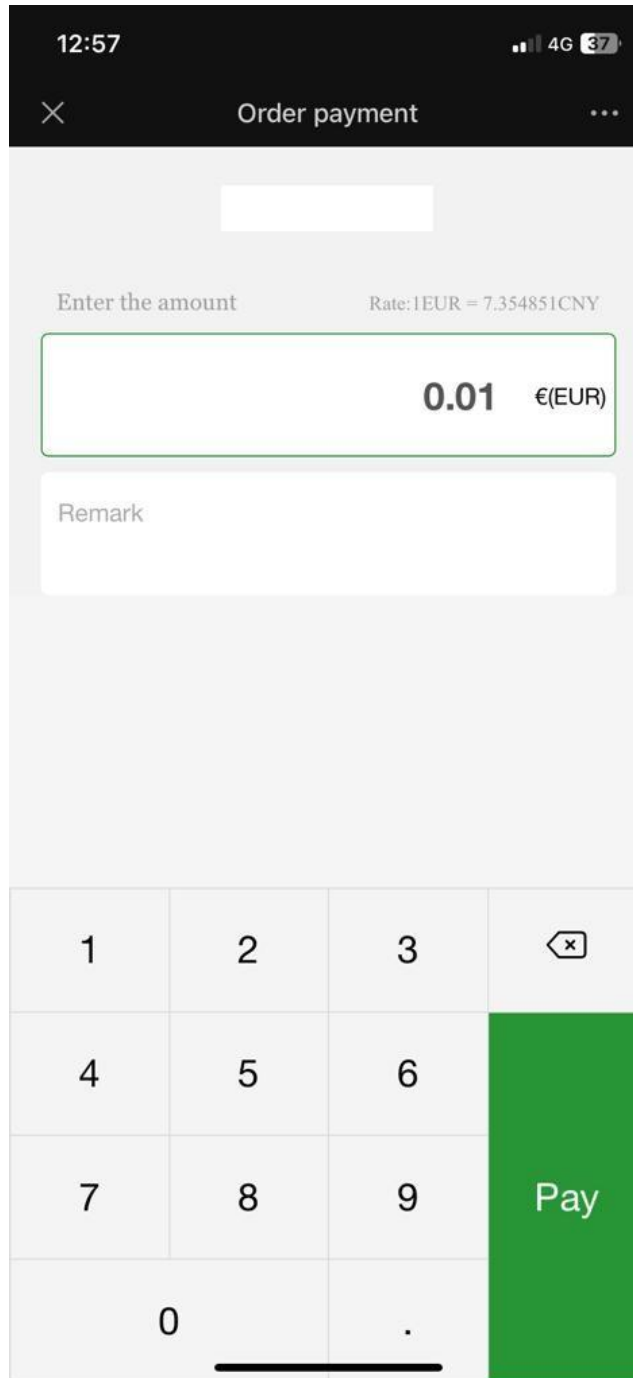

10. Go to the details of the shop we want to visit.

11. The QR code of our shop will appear and we can scan it.

12. Once scanned, we can insert the amount of the order (remember that is a test account and has not much money, so to test put 0.01).
